

# Micrograph

# Metallographic Mounting Machine TMP-30/45/50

## FEATURES

Easy to use multi-functions touch screen panel with LCD display system

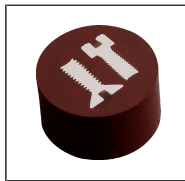

3 modes are available for setting parameters fast and accurate

Built in cooling fan.

Wide heating range from 60-200°C

Indication light for heating, keep and cooling cycles.

Quick heater for fast operation

## Touch Screen Manual Control Mounting Machine

Model		TMP-45	
Mould Diameter		45 mm	
Temperature Adjusting Range	100-200°C		
Cooling Method	Air Cooling		
Pressure	Manually by hand wheel		
Mould Preparation Capacity	Single Mould		
Electric Power	650W, 220AC Volt, 50Hz		
Dimension/Net Weight	320X300X400 mm, 35 Kg
